A NEW COURSE OF TRADE .- When the citizens of New Orleans were subscribing for the stock of the Memphis and Charleston Railroad under the impression that such a road would increase the receipts of cotton at Memphis, and consequently increase the shipments from that port to New Orleans, they were warned, that the influence of the fond would be to take cotton from the Mis-Sissippi river and carry it to the Atlantic ports of Charleston and Bavannah, whence it could be shipped to Europe at half the cost of the shipment from New Orleans. The prediction is being fulfilled. The road has hot been completed six months, and it is already taking cotton from the sheds in Memphis and carrying it to the Atlantic cities. Dr. Ayer: Your Pills are the perfection of medicine; they have done my wife more good than I can tell you; she had been sick and pining away for months; went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely then. Such a medicine as yours, which is actually good and honest, will be prized here.
